- 1401 - More Concertos** . . . whether old or new, with ensembles large or small, innovative music for organ with orchestra continues to fascinate.
- 1402 - Still More Concertos** . . . beyond the standard repertoire, many extraordinary works for organ and instruments remain to be (re)discovered.
- 1403 - Conventional Wisdom: *Minnesota Memories*** . . . concert performances from the 2008 National Convention of the American Guild of Organists.
- 1404 - Brass Tracks** . . . bold and brazen are the organ's trumpet pipes, and the ensemble that pits its energy against the King of Instruments!
